

Came to believe that a Power greater than ourselves could restore us to sanity.

Why might Step 2 be difficult for MY Type?

Type	Passion	Type	Passion
1	Rigid search for the "right way".	6	Suspicious of authority, God-word issues
2	Resistant to "insanity" My actions are not the problem! (make other people their HP)	7	I like my brand of insanity! Why change?
3	Resistant to the idea of something greater than myself.	8	The difference between "could" and "would"
4	Fear a pit of despair from which they will never escape. So they stay "a little sad"	9	Delaying the work in hopes that "came to believe" will happen regardless of work.
5.	Impatient to know it NOW, "Came to believe" is too slow. Memorization		

Does this resonate with you? Could this be in your way?
